[BDCP Planning Agreement revised 9.13.2007\[1\].pdf](#)
[BDCP-Points of Agreement Final.pdf](#)

Mark and Tom,

The first document is a funding agreement that would support the "Statement of Principles" developed between the agencies and the water contractors, back in 2005. I have not been able to find a clean copy of the Statement of Principles (this happened before I even knew that Steve Thompson had suggested an HCP to the other entities with an interest in water operations in the Delta). I will try and have a copy for the meeting.

The Planning Agreement is a somewhat reflective of the Planning Agreements that FWS and DFG normally enter into with counties and incorporated cities on the joint development of HCPs and NCCPs, although this one has a lot of extra bells and whistles we normally don't have. The last document is the PRE's (Potentially Regulated Entities, i.e., the water contractors) effort to try and tie the regulatory agencies into a particular trajectory more closely than the Planning Agreement would normally do. This is the first time I have seen one of these.

Jim
